Glades Prison To Get Money Enough To Finish Program

A total of \$800,000 has been appropriated to complete the building program at Glades State Prison Farm according to Supt. Cliff Green.

He said the institution, formerly known as State Prison Farm No. 2, will produce more than \$200,000 in food for other State institutions, in addition to caring for its own needs, this year.

The farm produces sugar, syrup, rice, beans, tomatoes, onions, and a variety of other fresh vegetables during the season.

The appropriation will enable the State to complete modern brick buildings to house 500 men. There is an up-to-date kitchen, laundry, hospital, dental clinic, sewing room, and recreation area for prisoners and facilities for receiving visitors. One building will be converted into apartments for guards with families to supplement the six modern brick and five frame dwellings in addition to the superintendent's home. New quarters for guards are just being completed.

New Motel In Canal Point Ready Sep. 30

Mr. and Mrs. Boyd Vorhees are building a new motel in Canal Point on US 441 and SR 15.

Construction plans call for seven units and an office all under one roof, ranging in size from 9 by 12 feet to 10 by 17 feet per unit. The motel is located on a 130 by 95-foot plot just south of the new County Park grounds. It will be of concrete block construction with flat cement roof and all tile floors. It was designed by Frederick G. Seelman, Palm Beach architect, and is being built by E. A. Roemer, Belle Glade contractor, with local labor at a cost of approximately \$20,000.

Mr. and Mrs. Vorhees hope to have their new motel ready for occupancy by Sept. 30. They want to give it an attractive name before the opening and will welcome any suggestions.

School Board To Get Raise In Pay

WEST PALM BEACH — Palm Beach county school board members get their pay raised to \$200 a month, retroactive to Jan. 1, according to word received here from Tallahassee Tuesday.

They had made \$100 a month until state legislation cut their pay, effective Jan. 1 of this year, to \$10 a meeting—with pay limited to two meetings monthly.

The retroactive raise, according to reports received here Tuesday, is provided by Senate Bill 1020 of the last Legislature, which has become law.

The measure was described as one of the "population" variety of bills, applying to counties between 114,000 and 114,800 population.

D. L. Hooks Is Back In Grocery Business

Mr. and Mrs. Cosby Crews this week sold their grocery store on Lake Front Drive, Canal Point to Delmar L. Hooks, the former owner, who took possession on Wednesday night and is operating the store under its former name, Hooks Grocery.

Mr. and Mrs. Crews will continue to make their home in Canal Point. They are the parents of a new baby daughter, Terry Lynn, born at a West Palm Beach hospital on May 22.

Cleary Bros. Give Low Bid On SR717

Cleary Bros. Construction Co. of West Palm Beach was apparent low bidder at \$698,692.82 for construction of SR717, an eight-mile project from Bacom Point Road at the County Glades Airport, through Chosen and Belle Glade to SR80 approximately a mile and a half east of South Bay.

County Commission Chairman Paul Rardin and County Engineer J. M. Boyd attended the State Road Dept. meeting in Bradenton, Tuesday when bids were received on several projects.

There were 11 bids submitted for the SR717 project including a \$745,780 bid by Handley Construction Co., Pahokee. Highest bid was offered by J. W. Conner & Son, Inc., \$924,518.28.

Apparent low bidder among 10 bids submitted on relocation of approximately one mile of SR5, at Juno Beach was the Brinson Construction Co., Tampa, at \$69,093.81. Highest bid, \$99,675.36, was by the Langston Construction Co., Orlando.

R. H. H. Blackwell was apparent low bidder at \$49,892 for construction of fender systems on three bridges in Palm Beach, Martin and Broward counties. The bridge in this county is over the Loxahatchee River, Mr. Rardin said.

Open House July 3 At Dan's New Cafe

Mr. and Mrs. Dan Morris are opening on Tuesday, July 3, a modern restaurant in the newly remodeled building between Gene's Barber Shop and the Four-Way Filling Station, downtown Pahokee.

To introduce the public to their new restaurant Mr. and Mrs. Morris, in cooperation with the Home-Town Bakery, Swift's Ice Cream Company, Jack Spencer's Meat Market and the Jaudon Coffee Company, will act as hosts at an open house at which time free ice cream, hot dog sandwiches, coffee and doughnuts will be served to the public, with everyone invited to attend. The hours: 5 to 7 p. m.

For the past eight years Mr. and Mrs. Morris have operated a cafe on Belle Glade Road opposite to the Florida Power and Light Company Pelican Lake plant and are widely known for their efficient and friendly service. Their new restaurant will have a seating capacity of 36 and is fully equipped for both short orders and regular meals.

Lions Or Rotarians — You Pick 'Em

W. A. Kendrick New High School Coach

W. A. Kendrick, a graduate of Florida State University, Tallahassee, has been employed to serve as head coach and boys athletic director at Pahokee High School during the coming school year, according to Principal Clyde A. Canipe.

Kendrick, a veteran of World War II, is also a graduate of Leesburg High School and his home is in Centerville, Fla. He received a diploma this month from FSU where he was popular with both the student body and faculty and held several positions of honor in the student body.

He was a three-letter man in athletics, excelling in football, basketball and baseball and was voted the most valuable player on the FSU 1951 football team.

Pahokee's new coach is expected to arrive this weekend to start and supervise a summer recreational program for local children to last six weeks, five days a week. The program, sponsored by the County Board of Public Instruction and the State Department of Education, will include swimming, softball and similar athletic sports, depending on what the children are most interested in.

All children interested in taking part in planned summer recreation are asked to meet with Coach Kendrick at the school Monday, July 2, at 9 a. m.

Kendrick replaces Jim H. Maynor, Pahokee coach during the past year, who was granted a year's leave of absence by the County Board of Public Instruction and now is at the University of Florida working on his master's degree.

FACE QUIT

ORLANDO — Muri E. Pace, veteran citrus leader and for many years general manager for United Growers and Shippers Association of Orlando, resigned his post last week.

Boltons' Vacation Starts July 3, Ends 24

July 3 until July 24 will be vacation time at Bolton Drug Store in Pahokee, according to the proprietor John Bolton. Mr. and Mrs. Bolton will spend the vacation period in the mountains of North Carolina.

Wanna Join Band Better See Lampi

Summer work for Pahokee High School Band students will begin July 2 for a period of six weeks ending Aug. 10, according to Bandmaster Robert O. Lampi who will direct the training courses.

This training program is sponsored by the Palm Beach County Board of Public Instruction and the State Department of Education and there will be no charge for instruction, Mr. Lampi said.

This program offers an opportunity for those students who wish to begin learning to play a band instrument. There are several instruments available for use this summer that belong to the school band and several openings left by graduation will have to be filled for next year's band.

Registration for the summer camps will be held Monday, July 2, from 8 a. m. until 12 noon at the high school auditorium.

A tentative schedule of classes will be: Beginners classes—Mondays, Wednesdays and Fridays from 10 a. m. until 12 noon; band members—Tuesdays and Thursdays from 10 a. m. until 12 noon. The remaining hours from 8 to 10 a. m. and 1 to 5 p. m., daily, will be used for ensemble or individual instruction, the schedule to be arranged at the time of the registration, Monday, July 2.

All students interested in joining the Band are urged to register on Monday, July 2, at any time between 8 a. m. and 12 noon. Present band members are urged to register during the same hours.

Roadside Park To Be Sought From Road Department

The possibility of a new roadside park in the Everglades section was seen Monday in a County Commission move to ask the State Road Department to build a roadside park and monument at 20-Mile Bend on Conner's Highway.

The park, if constructed, would be a memorial to W. J. Conner, pioneer after whom Conner's highway is named.

The plan for the 20-Mile Bend park and possibly another park somewhere along the same road, was brought before the commission by Guy Stovall of Pahokee who is in charge of roadside park construction for the State. The park plan was presented to the commission by Chairman Paul Rardin.

Stovall said the recreation area would include picnic tables, picnic stoves, benches and comfort stations—all the necessary facilities for travelers.

On recommendation of Chairman Rardin, the commission also approved two right of way settlements for State Road 717. Bids for this Glades road were opened by the State Road Department Tuesday.

Chairman Rardin joined other members of the board in approving military leave for county employees who have to attend field training during the summer. The resolution adopted by the board provides that county employees who are members of Army or Navy Reserve units or the National Guard, be given up to 17 days leave with pay to attend encampments—this leave not to affect their regular vacations.

Other actions by the board included:

Appointment of Alton Murry as an aide in the county probation office to succeed Harry Panos, resigned. The appointment starts July 1.

Approved a new contract with Florida Power and Light Company (continued on page 8)

Work Is Started On Bacom Point Levee

The Smith Engineering and Construction Company, which recently completed the rebuilding of a five-mile stretch of the Lake Okechobee Levee between Lake Harbor and Clewiston, has moved its equipment to Bacom Point and is now engaged in the rebuilding of a mile and a half of the levee in that area which eroded badly during the 1949 hurricane.

On the stretch of the levee under repair the company is raising the crown three feet and is paving the 70-foot lake side of the levee, including the crown, with a six-inch coating of asphalt and sand similar to that used on highways. A badly eroded section of the levee on Bacom Point was repaired in this manner last year and held up very satisfactorily against the high wave action during the hurricane last August.

The job is being done at a cost of \$177,860 and is expected to be completed within a month.

News Notes From State Capital

TALLAHASSEE—Headquarters of the game and fish management divisions of the state game and fresh water fish commission soon will move to Williston from this capital city. A new quail hatchery is being planned for the former Williston air base, where wildlife officers now train. The entire personnel and equipment of the fish management division under John F. Dequine, and of the game management division under O. Earle Frye, will be transferred to Williston, and two-way radio to link this operation with the main office in Tallahassee is under construction.

TALLAHASSEE—Work on the building of Manatee Springs state park in Levy county is expected to start soon after July 1, according to the Florida Park Service here. This 1,800 acre tract is Levy county on the east bank of the Suwannee river was given a two-year appropriation of \$40,000 by the recent legislative session, thanks to the diligence of Rep. D. P. McKenzie and Senator J. Min Ayers. First work will consist of opening the area around the big spring itself to picnicking, boating and swimming, while the access road to connect with the main highway to Chiefland is being laid out and built. The present program will require two years to complete, and no date has been set for opening the park to the public. There is one other state park area on the Suwannee, near Ellaville, and although this is the oldest of the state parks in name, at least, the legislature never has appropriated any money to make it useful to the public.

TALLAHASSEE—Attorney General Richard W. Ervin this week gave his official opinion on the following general subjects:

JURORS—State must pay jurors in small claims courts.

PENSIONS—Retired supreme court justices get only rate of pay set out when they retired, may not benefit by recent pay raise for active justices.

PATROLMEN—Legislature intended giving every uniformed patrolman in the highway patrol an increase in pay of \$900 per year.

COURT—Student Traffic Court at University of Florida has no more authority than to punish for breaking school rules.

SALARIES—Legislative increase to \$10,000 for circuit judges will not affect additional sums they also receive from counties.

PINBALL—It is illegal for pinball machines to give free plays.

CLERK—Clerk to board of coun-

ty commissioners is not entitled to extra compensation for distributing money collected for cities.

TALLAHASSEE—Efforts of friends of schools to get the Florida legislature back for a \$300 cost of living pay raise for teachers seem to be getting nowhere. Schoolmen demanded Governor Warren convene the legislature in special session for this purpose. Warren replied he would if the lawmakers would pledge themselves to raise the money by a tax on incomes above \$10,000 yearly. This brought indignant replies from legislators and school people alike. Even those closest to the school picture said they could not come back to Tallahassee with their hands bound to one agreement. Since the members of the legislature today seem no closer to agreement on how to pay teachers than when the adjourned, there is scant likelihood they will get another chance.

TALLAHASSEE—Jack B. Henderson, former assistant city manager of Miami, has been appointed sheriff of Dade county, succeeding Jimmy Sullivan, who resigned with loud cries of "persecution." Henderson is a former Miami High athlete, University of Florida student, and member of the merchant marine during the war. Shortly after Henderson was appointed, the city manager, Chelsea J. Sinerchia, was fired by the Miami commission and Andy Bloodworth took his place.

Smith Named Head State Welfare Board

JACKSONVILLE—Sherwood Smith, State Welfare Commissioner, was named director of the State Department of Public Welfare, effective July 1.

The appointment was made by the State Welfare Board under the authority of the new welfare act passed by the last legislature. Previously the commissioner had been appointed by the Governor.

The agency name is changed by the new law, but the duties of the director are the same as the present commissioner.

Mr. and Mrs. Dick Bordeaux of Sanford spent the week end in Canal Point as guests of his parents, Mr. and Mrs. J. H. Bordeaux. Mrs. Dick Bordeaux's mother, Madam Ferry of Casablanca, was a guest also.

Rep. B. Elliott Against State Sales Tax Plan

TALLAHASSEE—House Speaker B. Elliott, of Pahokee, has expressed his opposition to pledging support to Governor Warren's proposal of a State Income Tax, to be considered at a special session of the legislature.

On the other side of the picture Representatives Glen Summers and George Nesmith rallied behind the Governor in his proposal.

Warren said he would consider calling a special session if three-fourths of the legislature will pledge to submit to the people an emergency constitutional amendment empowering the state to tax individual and corporate incomes of \$10,000 or more.

Elliott, in Tallahassee on business, said that having supported teachers' salary bills in the legislature, he would gladly serve without compensation in an extra session to consider raising teachers' pay and providing revenue to cover the raise, but said he was opposed to limiting the special session to consideration of only one source of revenue.

State Comptroller C. M. Gay said he believed Florida school teachers can be given a \$300 yearly pay raise without any increase in taxes.

He said the legislature could authorize the appropriation from present revenue "and the whole matter could be settled within an hour."

Gay recommended that the Governor "call the legislature back for one day for the express purpose of increasing the appropriation for teachers' pay increases under the Minimum Foundation Program."

Cinematic Chatter

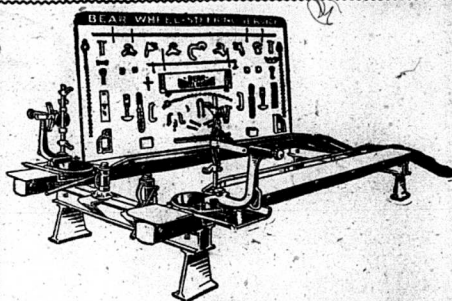

By Malcolm Millar

I saw a news shot in the paper the other day that may have escaped your attention. It was to the effect that a town in California had issued a warrant for Errol Flynn for speeding and reckless driving. This is not the first time Errol has run afoul of the law for flagrant disregard of the rights of others. It is disgusting to all right thinking artists of the motion picture profession to read of one of their members committing such acts. What a pity that fame should swell one ego to the degree that they feel they are immune from reprimand and privileged to commit whatever acts they may so desire because their position in public favor extends to them that right. What an awakening when the public deserts such famous people after continually reading and hearing of their escapades. Mr. Flynn is such a clever actor, too! I am also informed that Rita Hayworth is in mortal fear of the safety of her two children. In fact it is said there are a couple of strong arm men guarding both she and the children. Rita is going Aly for a lot of moola, but there are many who doubt she will get anywhere near the sum she is asking. There are some who claim unfavorable publicity over her marriage may be damaging to her prestige. I for one doubt this very much. It is my belief Rita will return to her public in a gorgeous technicolor show that will bring back all of her alluring beauty, together with her dramatic ability, and her public will again flock to the box office renewing their adoration. We have gone beyond the gay nineties! See you at the movies—Mal.

SADLER RESIGNS

TALLAHASSEE—Howe Sadler, director of the Florida State Advertising Commission and recognized as one of the state's ablest public relations executives, resigned his position at a recent meeting of the Commission and is reported to have accepted a public relations post in Puerto Rico.

Mr. Beverly Grizzard of Leesburg, a member of the Commission, will direct activities of the Commission until such time as a new director is appointed, it was announced.

The Cow That Can't "Run Dry"

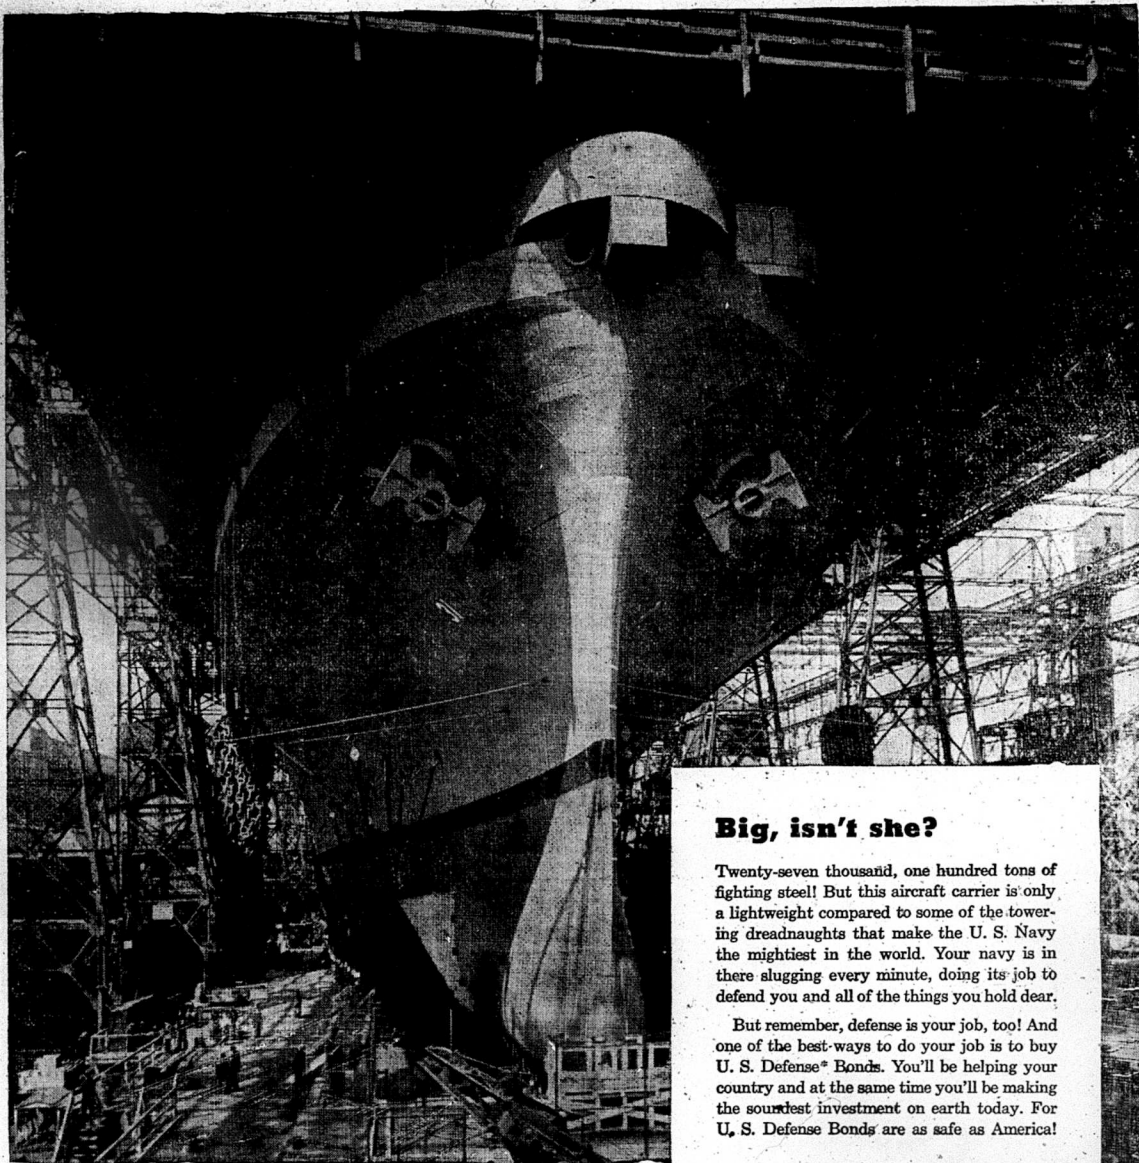

Sandy Johnson showed me his Jersey cows last week. It was a warm day and they were all under the trees near a watering trough.

And darned if one cow wasn't pumping water into the trough! It's a fact—she'd raise the pump handle with her nose, and use her throat to push it down again.

"That's Mabel," Sandy explained as she moved away. "Sometimes they drink that trough dry, and she's learned how to fill it again. But she doesn't know her own strength—turns the place into a swamp if we don't watch her."

From where I sit, Mabel isn't the only one who sometimes doesn't know where to stop. For instance, people often carry personal opinions too far—like the person who wants everyone to accept his choice of political parties, or ballplayers... or beverages. I prefer a glass of beer with my meals. I know that a lot of other people prefer milk. But nobody ought to insist on "herding" others around to his way of thinking.

WE ARE IN STEP WITH THE TIMES

It is no small task to record each week the happenings of any community. We here at The Everglades News are happy that our assignments bring us face to face with hundreds of folks of our community each week. We strive to KEEP IN STEP with what is going on here in this vast agricultural area on the eastern shore of Lake Okeechobee. It gives us a great deal of pleasure to record for you weekly (and for posterity) the happenings of a growing section of Florida. Future generations will thrill when they read of the pioneering efforts of you and your loved ones in establishing a great agricultural empire.

KEEPING IN STEP with the times means that we must be on our toes day in and day out—making an earnest effort to record those things which are interesting, historical, progressive and at times amusing. All such happenings go toward making up a worthwhile and happy community where living is just a mite better than in thousands of other places in America—where your neighbor's smile is just a mite friendlier than is witnessed elsewhere in this great land of ours.

Trousseau Tea For Miss Patsy Elliott

The spacious new home of Rep. and Mrs. B. Elliott on Bacon Point Road was the scene of a trousseau tea Monday afternoon complimenting their daughter, Patsy, Lee, whose marriage to Lee Allen Wroten will be an event of Saturday, June 30.

Mrs. Sadie Barwick presented to the bride-elect an attractive arrangement of sweetheart roses, gerberas and marguerite daisies. Mrs. Barwick also used these flowers in decorations for the tea.

Receiving with Mrs. Elliott and Patsy, who wore gowns of pale blue nylon net, were Mrs. C. R. Wroten, mother of the bridegroom-elect, and Mrs. Howard D. Fields, Jr., of Pensacola, who will be matron of honor at the wedding. Mrs. Thomas Elliott was assistant to the hostess, Mrs. B. Elliott.

Presiding at the punch bowl, which was encircled with fern and sweetheart roses, were Mrs. H. D. Fields, Sr., aunt of the bride-elect, Mrs. H. T. Williams, Mrs. Paul Rardin, Mrs. Sam McKinstry, Jr., Mrs. Leo Maxwell and Miss Joyce Fields, cousin of the bride-elect.

Assisting in the trousseau room were Mrs. Murray O. Weeks, Mrs. W. H. Jones, Mrs. W. A. Cross, Sr., S. F. Parrish and Miss Julia Wilder, and in the room where the gifts were displayed were Mrs. Otto R. Blech and Mrs. John T. Pickett.

Floor hostesses included Mrs. Paul Tillery and the Misses Myra June Baxter, Donna Jo Spooner, Dorothy Fields, Delorez Williams, Patsy Batchelor, Gloria Stuart, Patsy Geiger, Tula Makos and Gloria Henderson.

Mrs. Ralph W. Todd and Mrs. M. P. Stanley, pianists, furnished background music during the tea. Attending were approximately 300 guests.

National Airlines Gets Safety Award

MIAMI—National Airlines was awarded a special Aviation Safety Award by the National Safety Council recently as the Council announced its 1950 awards to the scheduled airline industry in recognition of its contribution to safe air transportation.

National was given a five year award for flying 959,654,000 safe passenger-miles from October 5, 1945 through December 31, 1950. This marks the ninth time the Safety Council has made an award to National.

A total of 43 United States domestic, territorial and overseas scheduled airlines were named award-winners. 1950 was the safest in airline history, the Council said, with a passenger fatality rate of 1.1 per 100 million passenger-miles flown. A passenger mile represents one passenger flown one mile.

Members of the Council's award advisory committee were Lt. Gen. James H. Doolittle and Harry F. Guggenheim.

Bankers Want Bond Situation Studied

DAYTONA BEACH — Florida bank executives recommended at a meeting here recently that a financial study be made of the state's bond situation starting with a scrutiny of school bonds.

They asked the Florida Bankers Association to cooperate with the University of Florida in the suggested bond analysis. The proposal came from the association's educational committee.

Chairman Harry Coleman said the study would determine, as a start, "how substantial school bonds are today."

Legion Convention In Miami Oct. 15-19

MIAMI—Staging the multi-million-dollar 33rd annual convention of the American Legion here Oct. 15 to 18 definitely comes under the heading of super big business.

Ed W. Bolt, national convention director, revealed today that the world's largest convention entails comparable preparation and equipment at a cost of \$200,000 plus—most of it spent before the earliest arriving vet ogles a coconut palm tree.

He predicted clearing house figures will show the convention will bring \$3,500,000 to \$4,500,000 to Greater Miami.

Bolt outlined the magnitude of the convention's advance planning at headquarters, 615 S. W. Second avenue, Miami.

"Four separate conventions are in session at the same time with 7,000 delegates and an equal number of alternates eligible for seating and a voice in deliberations," he said. "In addition, galleries are open to some 40,000 members who attend for vacations and pleasure."

"Besides four convention halls, we must provide 65 separate committee rooms because the Legion convention is a 'working' one. All of our committees really function."

There's the business of preparing for a staging two big parades. One lasts four hours; the other never less than eight. Included in the parade operation is the erection of seats for 25,000 along the parade routes.

"Printing and sale of parade tickets is a business in itself," Bolt said.

Directed by a permanently employed expert, a special division handles housing.

"Not only thousands of individuals must be properly housed, but we must provide comfortable headquarters for scores of drum corps bands, choral and other groups in Miami-Miami Beach," Bolt said. "In addition to arranging two enormous banquets, with suitable entertainment, provisions must be made for about 45 outfit reunions."

A special post office will handle the volume in excess of normal mail. In the mail room, three electric mimeographs will grind out hundreds of thousands of messages, speeches, resolutions, orders and other correspondence.

"The necessary telephone system would service a small city," Bolt explained. "Three operators work each shift around the clock."

A car pool calls for 200 official vehicles to be manned, serviced and dispatched to handle official business.

Purchasing and manufacturing supervision is required for about 1,000 signs used on convention floors and in committee rooms.

Some 40,000 badges of various classifications must be packaged with a like number of souvenir programs and other items for delivery through 30 stations to registrants.

To start setting the stage, the convention director moved to Miami in January. His office rapidly expands to about 20 employees. A week before the meeting opens, national headquarters of the Legion

Hotels Must Say What Kind Of Rooms They Have For Rent

TALLAHASSEE—Thousands of hotel, motor court and rooming house signs will have to be changed before September 1st said James T. Landon, State Hotel Commissioner, today.

The Commissioner stated that the 1951 Legislature passed a very strict law with reference to the advertising of room rates. According to the recent law, said the Commissioner, after September 1st it will be unlawful to advertise room rates by any means unless such advertisement shall with equal prominence contain additional data relating to such room rates in the following particulars:

- (a) Whether the rate advertised is for single or multiple occupancy of the room;
- (b) The number of rooms available in each price level where such advertisement indicates varying rates; and
- (c) The dates or period of time during which such advertised rates are available.

The provisions of this Law shall not apply to any listing in a directory published in book or pamphlet form by any non-profit association composed of hotels, or of apartment houses, or of motor courts, or of tourist camps, or of trailer camps.

In addition to the criminal penalty provided for anyone who violates the provisions of this Law shall be subject to suspension or revocation of license by the Hotel Commissioner.

This Law shall take effect September 1st, 1951.

Citrus Ad Man To New York Ad Agency

LAKELAND—Dawson Newton, advertising director of the Florida Citrus Commission, resigned his job last week to accept a position with a large New York advertising agency.

Newton, who served for over three years as head of the Commission's advertising, was receiving a salary of \$11,000 a year but received a more inviting offer from Rothauff and Ryan Advertising Agency in New York.

The Commission, which accepted Newton's resignation with regret, said it had no one in mind at this time as a successor.

Newton stated there would be no citrus advertising in connection with his new position and he parted with the Commission on the best of terms.

Youth Wins First In FFA Forest Plan

DAYTONA BEACH—William S. Fish, 17-year-old high school student of Taylor, won first place in the Cooperative Future Farmers of America Forestry Program and received a certificate of merit presented by Robert N. Hoskins, industrial forester for the Seaboard Air Line Railroad, at the annual convention of the Florida Association of Future Farmers held here last week.

Fish's program was carried out on 80 acres which he thinned and got 111 units of pulpwood. He marked and help cut 23,000 board feet of saw logs, constructed a mile and a half of fire lines, control burned 5 acres, and from the butts of trees that had been turpentine he cut 4 units of fuel wood. He also gum-framed this acre-

age and had 2,500 paces on which he used acid.

Runners up in the forestry program were Frank Taylor of Taylor, Wyatt Revel of Bristol and Wayne Bush of Vernon.

The American Association for Cancer Research was told at its annual meeting that a preliminary investigation shows that Vitamin P from citrus will protect patient from radiation injury as a result of X-ray therapy.

Continental Marines served with John Paul Jones during his cruises along the British Coast in the Ranger.

Defense is your job, too!

Reflecting brilliant factory lights like a myriad glimmering stars, these masterpieces of American industrial design are in reality plastic plane noses awaiting inspection. They will play an important part in America's preparedness program; they are the tools of the U. S. Air Force in its job of defending you.

Defense is your job, too. And one of the best ways you can carry out your part is by making your family and your country economically strong. Buy United States Defense* Bonds *now* and buy them *regularly*. Go to the pay office where you work and sign up for the Payroll Savings Plan, or join the Bond-A-Month Plan where you bank. Do it *today!*

★ ★ ★

The U. S. Defense Bonds you buy give you personal financial independence

Remember that when you're buying Defense Bonds you're building a personal reserve of cash savings. Money that will some day buy you a house, or educate your children, or support you when you retire. Remember, too, that if you don't save *regularly*, you don't save at all.

So go to your company's pay office—now—and sign up for regular Defense Bond purchases through the Payroll Savings Plan. In this plan, you may save as little as \$1.25—or as much as you want—each week. If you can save just \$7.50 weekly, in ten years you'll have bonds worth \$4,329.02 cash! You'll be helping protect America—and helping your dreams come true.

Vacation Schools Are Successful

Vacation Bible Schools, held simultaneously at the Canal Point Baptist and Methodist Churches, ended Friday, June 22, both schools reporting a successful two weeks of work and recreation for local children.

At the Methodist Church vacation school there were 63 pupils enrolled and 17 workers on the teaching staff, with a combined total average daily attendance of 69. The school was directed by D. L. Hooks, Sunday school superintendent, and Mrs. Boyd Vorhees. Refreshments were served daily by the women of the church with Mrs. L. L. Maxson in charge. On the closing day parents were guests at an open house featuring a display of the pupils' work and refreshments were served to all.

The Baptist Church vacation school had an enrollment of 65 pupils and 15 teachers, with an average daily attendance of 49. Rev. C. J. Smyly acted as general chairman, and Marie Sapp served as secretary. While the school was in the session the children gave an offering of \$16.88 to the cooperative program. At commencement exercises held Friday evening special certificates were presented to 33 pupils for perfect attendance and to 46 for completing school work. Refreshments were furnished by the women of the church and served by Mrs. C. H. Jones, Mrs. J. H. Bordeaux and Mrs. G. C. Echols.

Heart Attack Is Fatal To Mrs. Mullis

Mrs. Gussie Susan Mullis, 51, of Pahokee died suddenly from a heart attack Monday afternoon, June 25, at the home of her son-in-law and daughter, Mr. and Mrs. Don Cole, in Fort Morgan, Colo., where she was visiting.

Mrs. Mullis, a resident of Pahokee for the past 20 years, was a member of the Pahokee First Baptist Church and as a member of the Little Moon Circle was very active in the home mission work of the Baptist Woman's Missionary Union.

She is survived, in addition to her daughter, Mrs. Cole, by the husband, L. M. Mullis, Sr., Pahokee; four sons, Capt. L. M. Mullis, Jr., Fort Worth, Texas, J. W. Mullis, Danny Mullis and Chester Mullis, all of Pahokee, and five grandchildren.

The body is expected to arrive in Pahokee this Friday. Funeral arrangements will be announced by Berry's Funeral Home.

Bradenton Entertains State Road Officials

BRADENTON.—Bradenton and Manatee County next overboard this week in celebration of the completion of the new Cortez Highway and the opening of bids by the State Road Department for the \$21,000,000 Pinellas-Manatee Bridge across Tampa Bay.

The three-day event began with a buffet supper Sunday night and included a Press Breakfast Monday morning, a luncheon Monday noon, barbecue and tour of the area. Engineers, contractors and road officials from all sections of the state were in attendance.

State Road Department Chairman Alfred McKethan presided over the official phases of the meeting.

Bunny Brooks Has A Birthday Party

Bunny Brooks celebrated her fifth birthday anniversary at an outdoor party and picnic given by her mother, Mrs. R. L. Brooks, in the city park Saturday from 10 a. m. until 12 noon.

The hostess was assisted by Mrs. Robert Apelgren, Mrs. Billy McKinstry, Mrs. Calvin Spooner of Pahokee and Mrs. Marilyn Johnson of Coral Gables. Approximately 75 guests attended.

Mr. and Mrs. David Jones and family of Wauchula spent the week end in Canal Point with Mrs. C. B. Jones enroute to North Carolina for a vacation.

OES Worthy Grand Matron Pays Visit

Mrs. Emma Saunders, worthy grand matron of the Grand Chapter of Florida, Order of Eastern Star, paid her official visit to the Pahokee OES Chapter at a special chapter meeting held in the Masonic Hall Wednesday night of this week, with Mrs. Mabel Young, worthy matron, and Malcolm Millar, worthy patron, presiding.

Other guests of honor, in addition to Mrs. Saunders, included Mrs. Helen Theus of Leesburg, associate grand matron; Mrs. Ann Race of Winter Haven, grand conductress; Mrs. Catherine Kerlin of Fort Lauderdale, grand Electa; Mrs. Priscilla Vaughan of Miami, grand Esther, and Mrs. Mabelle Ramey of Miami, past grand matron.

During the meeting an initiation ceremony was conducted, conferring degrees of the Order on Mr. and Mrs. Alex Johnson and James T. Holden.

Mrs. Dorothy Graham was in charge of the program of entertainment. The beautiful decorations for the special meeting were arranged by Mrs. Ruth Carpenter, Mrs. Eleanor Holden, Mrs. Iris Lynn and Mrs. Hulda Wilson. Hostesses during the serving of refreshments were Mrs. R. J. Schroder, Mrs. Rachel Harrington, Mrs. Floreid Speer, Mrs. Katherine Ammons, and Mrs. Ila Howell.

Prior to the meeting Mrs. Saunders and other guests were honored at a potluck supper held in the County Park community building at 6 p. m. Mrs. Edna Barrett headed the committee in charge of supper arrangements.

Mrs. L. W. Armstrong and daughter, Mrs. Jack Phillips, and Mrs. Phillips' son, Robert, were business visitors in Miami Wednesday.

Families Will See Officers Installed

R. E. (Bobby) Johnson of West Palm Beach, new Lions deputy district governor, will install President Floyd Erickson and other newly elected officers of the Canal Point Lions Club at a dinner meeting in the County Park community building Monday evening, July 2.

A. R. Harrington, program chairman, will present a special family night program of entertainment, honoring the families of club members who will attend as guests. This meeting will be opened by Boyd Vorhees, retiring president.

At a dinner meeting of the club Monday night it was reported that \$625 has been collected by the club's finance committee toward payment of the baby grand piano in the community building. There still remains \$150 to be collected before payment for the piano is completed.

Mr. and Mrs. S. F. Parrish are leaving Sunday to spend a month's vacation at a cottage on Fort Myers Beach. They will be joined there by Mrs. Parrish's brother-in-law and sister, Mr. and Mrs. G. M. Williams of Roanoke, Va.

He's grown—fast!

Pearl Harbor—1941. Korea—1951. Only ten years. But in that time the Bell System's capacity to serve the Nation has literally doubled!

And the Long Distance telephone network which ties America together has grown even more. In 1941, there was very little coaxial cable in use. Radio relay was still in an experimental stage. Yet today there are 8000 miles of coaxial cable in service—plus thousands of miles of radio relay. And Long Distance telephone circuits have increased in ten years from about 4,800,000 miles to 20,800,000.

In times like these, telephone lines are defense lines. For they are helping America rush its big production program. It's fortunate this nation-wide network has grown so big, so fast.
